To Whom It May Concern

This letter is to acknowledge that Bob McAdams, Employment Specialist at Fellowship Place, has found a wonderful associate for our organization. George has been a very successful associate. He is very dependable, has never missed a day in the several months he has been here, and has never been late. He offers excellent customer service and is kind to all customers and associates. The quality of his work is excellent; he accomplishes any task given with a sense of urgency and is willing to learn new tasks.

When George began his employment Bob was there to help train him and make sure he was off to a good start. George learned very quickly and was working on his own almost immediately. Bob keeps close contact to monitor George's performance.

We have found Bob McAdams as a good source for a quality worker, and we appreciate his follow up.

Here at the Montessori School On Edgewood we benefit from the Fellowship Place TEP program. We enjoy the meals prepared by our personal chef food service worker, Roberto who is part time, paid employee at our school. Fellowship was able to match us with skilled cook who will continue to work with us for 6 months. The greatest part about the TEP is the fact that we get two employees for one! If Roberto is unable to work on any day of the week, his job coach will fill in and do the job. It feels great to know that we are providing an opportunity for a member of Fellowship to work in a safe and supportive environment!

“Norma demonstrates excellent work habits and is very respectful of the environment. She is highly committed in doing an excellent job and enjoys the hard work that she completes. I could not have accomplished the work here that Norma did. I/we are very pleased and most definitely want to hire her back in April 2008.”
